**Donate Today!**

Nevada Blind Children's Foundation provides essential building blocks, including an extended educational curriculum, extracurricular activities, social opportunities, and transitional skills to visually impaired children.

## Our Goals

Nevada Blind Children's Foundation is focused on three goals:

 **Educate** - Increase high school graduation.

 **Employ** - Increase employment rates.

 **Empower** - Empower children who are blind and visually impaired to reach their full potential.

## Financials

**2022 - 2023**

**Programs**

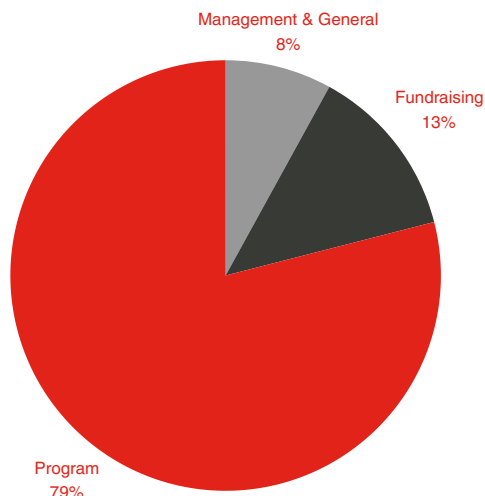

**\$1,061,754**

**Overhead**

**\$278,391**

**Fundraising: \$172,536**

**Management & General: \$105,855**

## Impact

**“To this day, I feel like I can accomplish any obstacle I run into because of the love and support I was given at NBCF.”**

**Carly Lamb**  
NBCF Graduate & 2024 Ladybug Ball Honoree

**87** children served

**92%** Pre-K Graduation Rate

**100%** Students Scholarshipped

| Megan Philippi   | Family Advocate MSW               |
| Ashley Glenn     | Digital Media Coordinator         |

It costs just \$255 for a child to participate in all of NBCF's programming for an entire year. Your donation means giving a child access to a year of invaluable resources, support, and opportunities that can make a lasting impact on their life. Your generosity can make that difference. Give today!

## Our Programming

NBCF offers several programs for students ages 2-22. Our programming is tailored to fit the needs of our students, giving them a well-rounded educational experience. To see our full course catalog, please visit our website at [www.nvblindchildren.org](http://www.nvblindchildren.org).

### Children's Learning Center

Opened in 2020 as Nevada's first preschool for the blind, our classrooms offer small class sizes with individualized learning plans tailored to each student's specific needs. Our program is meticulously designed to prepare students for kindergarten, focusing on their success and readiness. We provide specialized pre-braille skills and early orientation and mobility training for students with visual impairments. Additionally, we ensure our students' overall well-being by offering free breakfast, lunch, and two snacks daily.

### After-School Programs

**Homework Help: On the Dot** offers students who have an active IEP a chance to work alongside a paraprofessional to meet their listed goals and objectives. Students who are enrolled in On the Dot are expected to be active participants in their own educational progress.

**Life Skills:** Promoting independent living skills, these programs include adaptive cooking classes, hygiene and self-help courses, money management, and job readiness resources.

**Adapted Extracurriculars:** Tailored with visual impairments in mind, these courses include recreation, art, and STEAM, allowing students to gain the full educational experience any of their sighted peers would have.

### Camp

NBCF's Summer Camp combines excitement and education, utilizing both Common Core and Expanded Core Curriculums. The camp features adapted activities and offers a variety of opportunities for campers with four uniquely themed weeks. This enriching experience is designed to promote curiosity, creativity, and confidence, helping campers gain independence in a fun and supportive learning environment.
